

PROGRAM 2019
until ... THERE WAS NO MORE TRUFFLES !!

There is only one variety of truffles for all gourmets, it is of course the famous black truffle "Tuber melanosporum" or "rabasse"
Its botanical name is Tuber Mélanosporum, ie "truffle with black spores".

Marketable from November to March, the full season is in full swing in January and it is January 27 in Aups that we celebrate the feast of black truffle and soil that allows it to flourish.

Exceptional opening of the restaurant Le Colombier

**Month of January 2019: Lunches (65 €) of Thursday 03 January 2019
